## COLLEGE 4.5★'s NOW ON A 26-16 62% RUN! OCTOBER COLLEGE SIDE GOM THIS WEEKEND!

### NEWS AND NOTES - WEEK EIGHT 2011

**NEWS AND NOTES** - USC delivered a Thurs night ESPN winner for us taking advantage of 5 Cal TO's. In the 1H USC had a 187-132 yd edge and blew one opportunity off a TO by fumbling a snap on a fake FG. They settled for a 39 yd FG and also benefitted from stopping a Cal fake punt at the Cal37 which 5pl later resulted in a USC TD. The Trojans led 20-0 at the half en route to the 30-9 win...Air Force was missing all 3 starting DL and got worn down by San Diego St in the 2H. Ronnie Hillman rushed for 172 yards for the Aztecs including 22 and 57 yd TD runs on B2B plays to blow open a close game. AF had a 215-160 yd edge at the half...San Jose St beat Hawaii at home on a Friday night in front of a charged home crowd. The game featured a 2011 season high of 12 TO's with each team having 6. In the 1H SJS took advantage of some UH TO's and could have led by more than 20-7 as they missed a FG, settled for a FG and had an IR TD called back by a pers foul that was 40 yards behind the play. In the 2H SJS turned it over on their first 5 poss but one of the key plays of the game happened after UH had just taken the lead, 21-20. SJS turned it over after an 8pl drive at their own 40 and UH got a 32 yd TD run. The xp was blk'd and ret'd for 2 and instead of leading 28-20, it was 27-22. Each team missed a FG and SJS got a TD with :36 left to go up 28-27 and missed the 2 pt conv. UH only got as far as its own 39...Miami, FL gained 263 of its 311 yards in the 1H and avoided their first 0-3 start in conf play in program history. They led 27-10 at the half with a 274-177 yd edge but NC finished with a 429-311 yd edge. Giovanni Bernard became the school's first NC player to rush for at least 100 yards in 5 consec game since Ethan Horton in 1984. UM's Lamar Miller was held to 29 yards on 16 carries. Once NC got a TD with :46 left to pull within 30-24 they actually rec'd the outside kick and got to the UM30 but on 3&17 tried the lateral on the last play which came up short...Wisconsin shelled Indiana 59-7 but it actually wasn't as bad as LY when they won 83-20. Trailing 14-0, Indy was SOD at the UW36 and UW drove 64 yds for a TD and after an int, drove 80 yds for a TD. They led 38-7 at the half but the yards were only 379-217 as IU was SOD at the UW36, int'd at the 20 and int'd setting up a UW39 yd TD in the final minute. In the 2H UW got a 60 yd PR for a TD and rec'd a fmb'l by the IU QB for a TD with 9:17 left to close the scoring...Missouri probably dominated Iowa St even more than the 52-17 margin although they did lose DT Terrell Resonno who inj'd his right knee in the 1H and DNR. Missouri opened the game with 10 straight runs, the first on a 50/8pl TD drive. They led 28-3 and had the ball at the ISU27 yd line when they were int'd and ret'd 78 yds for a TD. At the half MO had a 368-117 yd edge but only led 31-10. They expanded it to 52-10 in the 4Q and ISU went 74/6pl for a garbage TD and added 58 additional yards after that. Missouri had 13 yds on their final 4 poss with a backup QB...Utah's D dominated Pitt as they had a 251-120 yd edge. The Utes were without their QB Jordan Wynn (out for yr) and top WR DeVonte Christopher. Pitt appeared in control early thanks to special teams. The Panthers got a 10pl drive to open and punted and Utah went on a 12pl drive and settled for a 23 yd FG but Pitt got a 98 yd KR TD then blk'd a punt for a TD. The KR TD was their first since 2006 and the blk'd punt TD was their first since 1991 and they led 14-3 but Utah, with 2:07 left in the half, with QB Hays under heavy pressure, threw a pass which tipped off the LB's hand, over a DB and into WR Matthews hands which he took 33 yards for a TD to pull them within 14-13. Utah took a lead with a FG on the opening drive of the 3Q and never trailed again in a game played in 20-36 mph winds. Pitt trailed 19-13 when they were SOD at the Utah35 on 4&3 with backup QB Anderson in. On the next drive on 3&10 Anderson was int'd and ret'd 23 yds for a TD with 1:10 left for a somewhat misleading 26-14 final...We used Virginia as a Big Dog POW and they delivered the outright upset. Teams with extra time to prepare for GT's option usually do well and Virginia upended #12 GT which had been off to its best start since 1966. UVA had 407-296 yd and 21-17 FD edges. UVA went 73/4pl and 45/12pl for TD's on their first 2 poss to lead 14-0. GT got a 32 yd IR TD to pull back to 14-14 with 8:24 left in the half but UVA went 72/10pl and 21/8pl (after int) for a TD and a 36 yd FG and led 24-14 at the half with a 272-154 yd edge. GT opened the 3Q with an 85/19pl drive for a TD, 24-21 but punted on their next 3 poss and UVA took over at their 23 with 5:58 left in the game and would get 5 FD's on the 69/13pl drive taking a knee at the GT6...Marshall benched QB starter Rakeem Cato and AJ Graham hit just 11-22-99 yds but rushed for 129 yards on 20 carries and was the team's leading rusher. Rice finished with a 361-328 yd edge. Marshall went 69/1pl and 87/11pl for TD's, 14-0 and Rice went on 43 and 50 yd drives for 2 FG's, 14-6 at the half. Rice battled back to take a 20-17 lead. MU rec'd a fmb'l at the Rice25 but was int'd at the 8 with 11:42 left and after 4 punts, Rice fmb'l'd at their own 23 with 3:31 left. MU converted on 4&10 and went 23/5pl to get a 4 yd TD run by Martinez with 1:49 left to take the lead. Rice was SOD at their own 33 on 4&13...Dan Herron ret'd to the lineup for Ohio St and rushed for 114 yards. Braxton Miller hit just 1-4 passes for 17 yards as the Buckeyes kept it on the ground but his only completion was a 17 yd TD pass to Jake Stoneburner to put the Buckeyes up 17-7. OSU did not throw its first pass until 7:22 mark in the 2Q. Illinois had a 285-228 yd edge and OSU went 45/10pl for a 43 yd FG to open and the next 9 poss resulted in punts. At the half OSU had a 105-95 yd edge. UI was int'd and ret'd 37 yds to the 12 and Herron got a 12 yd TD run on the next play, 10-0 early 3Q. OSU rec'd a fmb'l'd at the UI22 and on 3&5 got a 17 yd TD pass to Stoneburner 17-0. UI went 80/15pl for a 3 yd TD pass. UI's last drives ended on an int at the OSU20 (from midfield) and a 41/8pl drive that was SOD at the OSU16 with 1:11 left...Colorado was last in the P12 in TD passes allowed while Washington was #1 in the P12 in TD passes. Keith Price had 4 TD passes in the 1H as UW rolled up a 379-104 yd edge and led 44-10. UW scored on all 6 poss in the 1H. Price was pulled with 1:05 left in the 3Q and on Nick Montana's first ever snap as a UW QB, he fumbled setting up a CU 36/6pl TD drive which pulled them within 45-24. UW got a TD with 2:32 left for the 52-24 final. CU is a banged up team without top WR Paul Richardson, top rusher Stewart and numerous DB's and UW was the Comp College Play on the NC Sportsline on Saturday, a play that just missed out on being a LPS and an easy winner...Michigan St is now 4-0 since the Mike Hart's infamous "little brother" comment. The Spartans held UM's potent offense to 250 yards and had 333 yards on offense. It was MSU's first 4 game win streak in the series since 1962. MSU had 6 sacks for 54 yards while the Wolverines had zero sacks. MSU rushed for 213 yards on 39 carries while UM rushed for 82 yards on 36 carries. It was tied at 7 and MSU had a 162-138 yd edge and the Spartans had leads of 14-7 and 21-7. UM got a 34 yd TD pass with 9:49 left then rec'd a fmb'l but on 4&1 Robinson was tackled for a 10 yd loss. On the next drive Robinson was int'd and ret'd 39 yds for a TD to put the Spartans up 28-14 with 4:31 left to clinch it. UM was SOD at their own 46 with 3:18 left and the Spartans ended the game at the UM 21...Matt Simms made his first start of the season for Tennessee and hit 6-20-128 and 2 int. It was the 2nd straight bkp QB LSU has now faced. The key play of the game happened at the end of a scoreless 1Q. UT was at the LSU42 when Simms threw into the EZ and was int'd and ret'd 89 yds to the 5. That set up an LSU TD and a 7-0 lead. LSU then got a 10 yd PR setting up a 36/7pl drive for a TD to lead 14-0. It was 17-7 at the half. LSU had 3 poss in the 2H. They went 66/12pl, 99/16pl for TD's to put them up 31-7. After Tenn was SOD on 4&7 at the LSU35, the Tigers went 65/10pl and on 4&3 got a 14 yd TD pass with 1:35 left. UT which had run for negative yards vs both Florida and Georgia rushed for 111 yds on LSU...The Penn St/Purdue game was played in a heavy wind as were many games in the Midwest. At the end of the half, PSU on 3&10 threw a TD pass where the rec caught the ball in both hands and had both feet down but it was punched away and ruled incomplete. PSU settled for a FG, 10-6. PSU led 20-12 and was at the PU23 when a pass into the EZ was tipped into the air bouncing off both the DB and WR and their feet and it was ret'd 50 yds and PU got a TD to pull within 20-18. PSU got a 98 yd KR and their KR Powell just flipped the ball towards the ref but was called for a 15 yd pen which took the ball from the 3 back to the 18 and PSU settled for a 29 yd FG. PSU finished the game at the PU5 taking a knee...Shovels of dirt were being thrown on Florida St after their 3rd straight loss but they dominated Duke with a 481-289 yd edge as EJ Manuel returned to the starting lineup but hit just 9-14-239. The game was tied 3-3 when FSU went 60/2pl for a TD then after a 26 yd PR went 64/4pl and 95/7pl for TD's to blow it open, 24-3. At half they had a 286-106 yd edge. Duke recovered a pair of outside kicks in the 2H and got within 34-16 but a 3rd outside kick was rec'd by FSU and the Seminoles went 39 yards for a TD in just 4 plays...UCF actually had a 184-144 yd edge vs SMU in the 1H but allowed a 47 yd PR setting up a 19 yd TD drive and also allowed a 92 yd PR TD by Richard Crawford so they trailed 17-3 at the half and never got within 14 points the rest of the game...Texas had a 24-21 FD edge vs Oklahoma St but the Cowboys had a 420-370 yd edge. UT controlled the ball for 39:18 but had trouble punching it in. UT was SOD on 4&3 at the OSU32, settled for a 34 yd FG after a 10pl drive and trailed 21-10 at the half. Each team got a 100 yd KR for a TD to open the 3Q, 28-17. UT pulled within 28-24 but then gave up a 74 yd TD run with 4:14 left in the 3Q to fall down 14 pts. UT on 4&3 had an open receiver but was caught inches short of the EZ on 4th & gl. UT was sk'd & fmb'l'd at the OSU43 and int'd at the OSU47 on their final 2 poss...Brandon Ogletree had a big game forcing TO's on 2 straight poss with an int and 1 FF but BYU only turned those poss into 3 pts. Thanks to a 51 yd IR TD BYU and Oregon St were tied at 14 at the half despite BYU having a 222-141 yd edge. BYU was up 21-14 when OSU turned it over those 3 times and 24-14 after. OSU got a TD to pull within 24-21 but BYU got a TD with 10:39 left and then OSU missed a 48 yd FG and BYU went 69/6pl for a TD with 3:37 left to make it 38-21. OSU went 63/16pl getting a TD with :23 left for the 38-28 final... Kansas St delivered yet another outright upset, this time over Texas Tech. KSU got a 24 yd IR TD early and then added a 100 yd KR for a TD to lead 14-13. They missed the xp but Coach Snyder, unlike some other coaches in college ball (Lane Kiffin) doesn't go for 2 unless needed and KSU would score 3 TD's in the 2Q and 3Q and not once did Snyder go for the odd 2 points which helped the Cats stay ahead by 7 at the end of the game. At half TT actually led 28-20 with a 389-94 yd edge and had 2 FG's blk'd. KSU got a TD on the last play of the 3Q to take a 34-31 lead and would not relinquish it and KSU in the 4Q was SOD at the TT27 and missed a 31 yd FG. TT got a 19 yd FG with 2:32 left then rec'd the outside kick but on 4&4 fired incomplete from the KSU47 and the Wildcats remain unbeaten...Trent Richardson may have had a Heisman moment vs Mississippi with a 76 yd TD run where he had 4 players cornering him on the sidelines at the end of a run, stopped and started up again and got the TD. Richardson rushed for 188 yards. Alabama actually gave up a 59 yd pass on the 3rd play of the game and Miss got a TD 2pl later for a stunning 7-0 lead. The Rebels had 72 yards on that drive and 69 yds the rest of the game as Bama finished with a 615-141 yd edge in their dominating 52-7 win.

Cont on pg 2

Continued from Front Page...Stanford turned the ball over 3 times all year but had 2 TO's in the 1H vs Wash St. As usual, SU struggled a bit in the 1H, in fact the FD's were even at 8 and SU only led 10-7. SU would score TD's on 3 of their first 4 2H poss to go up 31-7. WSU was SOD on 4&8 at the SU9 with 10:31 left. SU went 91/121 getting a TD with 4:26 left to make it 38-7. WSU gave Jeff Tuel the start as he ret'd from his collarbone inj but they brought in Marshall Lobbestael and he guided the Cougars 80/12pl for a TD with :14 left to make it 38-14 but Montgomery ret'd the ensuing KO 96 yds for a TD on what turned out to be the final play of the game and SU won by 30...Things did not look good for Virginia Tech early as Wake Forest had a 10-0 lead and a 122-2 yd edge after 1Q but VT would dominate the 2Q with 3 TD's, the 3rd coming after WF was int'd at their own 27 with :30 left in the half and VT went for it on the last play of the half and got a TD run by Thomas. VT had a 207-41 yd edge in the 2Q and opened the 3Q with an 80/6pl drive for a TD and rolled to a 38-17 win with a 473-320 yd edge...Auburn and Florida both came in with major ? at QB and none of the ?'s were answered. Seven different players took snaps at QB. UF #2 QB Driskell was ? coming in and obviously not 100% but he was brought into the game in the 2H after Jacoby Brissett started and hit 5-10-45. AU starting QB Barrett Trotter has now lost confidence and hit 2-8-33 with Clint Moseley and Kiehl Frazier also seeing action. UF fmb'd 2 punts setting up a 32/3pl TD drive and 22/6pl drive for a FG which was the majority of AU's offense. UF had a couple of long drives end in settling for short FG's then at the end were SOD at the AU16 after an 11 pl drive but AU finished with a 278-194 yd edge.

**FRONTDOOR/BACKDOOR COVERS** - A couple of blk'd FG's cost Navy and outright win and Rutgers a frontdoor cover in the last 5:00. RU had 423-305 yd and 22-15 FD edges. RU missed a 52 yd FG, fmb'd at the Navy2 at the end of a 75/10pl drive but Navy was SOD at the 5 at the end of a 68/12pl drive. 2pl later Navy had a 16 yd IR TD to tie it at 7. RU was SOD at the N32 and had a 221-187 yd edge but Navy led 14-7 at the half thanks to a 54 yd TD run by Proctor. Navy extended it to 17-7 but RU went 52/6pl for a TD and then 66/7pl with a 3&9, 20 yd TD pass to go up 21-17. Navy got a 41 yd FG to make it 21-20 then had a 34 yd FG blk'd with 4:50 left. RU got to the Navy24 but had a 41 yd FG blk'd with :24 left which would have given them the cover...Mississippi St had a slight 296-289 yd edge but 3 long drives in the 3Q only produced 3 points and they needed a safety on the final play of the game to get the cover after the line had moved from +5' to +3 at the end of the week. It was the Gamecocks first game without QB Stephen Garcia and first road start for Connor Shaw who hit 20-28-155 yards. Tyler Russell started for Miss St and hit 11-29-165. At the half SC was int'd in the EZ with 4:06 left and int'd at the 1 from the MSU41 with :12 left. In the 3Q, MSU went 52/9pl and missed a 40 yd FG. They went 44/7p land missed a 53 yd FG then went 70/11pl and settled for a 22 yd FG with 3 long drives only producing 3 pts, they only led 10-7 and SC went 79/12pl for a 4 yd TD pass with 3:50 left. MSU got to the SC32 but was int'd at the 12 and on 4&13 SC ran out the clock taking a safety on the final play and to win by 2. The win was costly for SC as they lost LY's SEC Fresh of the Year, Marcus Lattimore, for the season (knee).

## THE MOST UNIQUE POWER RATINGS IN THE COUNTRY

These Power Play Forecasts are the most unique in the country because they are based on **Northcoast Sports' Private Power Ratings**. Our ratings are unlike any computer rating, as we take into account all of the following: Strength of Opponents Individual Units (Rushing Offense and Defense, Passing Offense, & Defense, Scoring Offense and Defense, Garbage Yards, Weather, Injuries, Home Field Edge, and Successful Unbalanced Attacks). Here is how each is reflected:

**Strength of Opponent:** Our ratings do not just take the opposing team's overall power rating into account. For example, in 1992, Washington's defense vs the rush was rated at a "110" (From 1-100). They faced Colorado and allowed 183 yds rushing and **dropped 12 spots** in the national rushing defense ratings. However, Power Plays took into account the potent Buffalo run attack and had forecasted the Huskies yielding 225 yds. Due to the fact they did better than the forecast, Power Plays raised their rating to 112 even though they slipped in the national (straight yardage) rankings. Another example was Michigan vs Purdue in 1989. Michigan held Purdue to just 45 yards rushing and improved their ratings in rushing defense in the national statistics. However, our ratings had them rated at a 102 and moved them down to 99, as they should have yielded just 32 yards to an impotent Purdue rush attack. Next time an announcer on TV tells you that a certain team is #3 in the country vs the run **you better check Northcoast Sports' Power Ratings and see how good a rush defense they really have!** The top twenty ratings in Power Ratings for each offensive and defensive category will be listed in each week's issue of Power Plays.

**Garbage yds:** These are yds that a tm gains or all's in the final minutes of a game when it has been decided. For example, Team A is ahead 63-0 and allows 93 yards passing for a TD vs its 4th string D. These yards are **counted** into nat'l ratings, **but not in Our Sports' Power Ratings!**

**Weather:** If a game is played in miserable weather conditions and is low scoring, the straight statistics credit the defense with outstanding performances. Our Power Ratings reflect the conditions and do not give excess credit to the defenses.

**Injuries:** When South Carolina played NC State in '89, SC QB Todd Ellis was injured on the 3rd play of the game. His bkp, who had seen very little action all yr, was not prepared and hit on just 4 of 13 passes for 65 yds. The OC did not risk any passes. In the national statistics NCST's pass D MOVED UP 14 NOTCHES. In our Power Ratings they **stayed the same**, as the low yardage WAS NOT reflective of an outstanding performance by the D.

**Home Field Edges:** The weekly projection of yards and points is weighted with the home field factored in.

**Successful Unbalanced Attacks:** In 1989, Ohio St was held to 127 yards passing vs Northwestern. This dropped OSU in the national passing offense ratings & RAISED the Wildcats in the pass defense ratings. In our ratings the two units **remained** rated the same. Why? OSU rushed for 456 yards & DID NOT HAVE TO PASS & when they did they hit 9 of 11 passes, which is VERY effective. While Northwestern's pass defense looked good in the national ratings, only Northcoast Sports' Power Ratings reflected the TRUTH!

There you have it. More than just numbers, THESE RATINGS REFLECT the true strength of each unit and allow them to have the **most accurate forecast of yards gained and points allowed in the country!** No other rating system takes into account all the previous factors. Next time you hear that a team is rated third in the country in pass defense, just remember, yards are not everything and Northcoast Sports' Power Plays will show you how strong the team really is.

# NORTHCOAST SPORTS PLUS OR MINUS POWER RATINGS

The Power Ratings listed below are not based on the Power Plays, they are based on last year's final computer power rating numbers with the pluses and minuses from the off season changes factored in. They are then adjusted during the course of the season based on the final score of the games that are played on a weekly basis. The Power Ratings listed below can be used for you as a base power ratings to forecast up coming lines and strength of opponents, etc. Once again, they are not based on Power Plays and they differ from what we have shown in recent years, which has been our actual computer Power Ratings. These are Northcoast Sports Plus or Minus Power Ratings.

# 2011 COLLEGE POWER PLAYS RANKINGS

Listed below are Northcoast Sports' Power Play Rankings. These Power Play Rankings are unique. Our rankings are unlike any computer ranking, as we take into account all the following: Strength of Opponents, Individual Units (Rushing Offense, Rushing Defense, Passing Offense, and Passing Defense) Garbage Yards, Weather, Injuries, Home Field Edges, and successful Unbalanced Attacks. Regular rankings based solely on numbers DO NOT take into account these factors.

Welcome to this week's issue of Power Plays. The Power Plays Newsletter consists of forecasts that are made by a special Power Plays rating system. This is a system developed many years ago and we regard it very highly. In our final analysis of the plays the Power Plays forecast takes up anywhere from 25 to 30% of our total analysis. You will see in the Power Plays Newsletter in the write-ups that we agree with the majority of the Power Plays forecasts. However, there are times when we will disagree with the Power Plays forecast. We want to make it clear that this is the Power Plays Newsletter and these forecasts are based purely on the power ratings. You should never use just one method, system or angle to determine your handicapping. The times that we disagree with the Power Plays Newsletter we will clearly note it. If the Power Plays rating is strong enough to be a 4★ Play, yet we are on the other side of the game, we will clearly state that we like the other side of the game.

# PRO FOOTBALL OCTOBER 23-24, 2011

Power Plays is based upon statistical numbers & rankings that are used to develop the projections you see here. As with all types statistical information the more numbers that one inputs ordinarily the stronger the accuracy of the results. Therefore, one would expect the projections to be more reliable after a number of weeks worth of stats are input. The numbers in parenthesis are a comparison of the teams rankings (**Visitor, visitors offense ranking vs home defense ranking, Home home offensive ranking vs visitor defensive ranking**) over each teams last 4 games.

<b>CHICAGO</b>	113	223	24	1.4	#2
<b>TAMPA BAY</b>	118	243	17	1.6	#15

(CHI #20 vs TB #21, TB #12 vs CHI #27) - TB has a distinct edge in that they played the 2009 London game & will have the logistics down (ie cleats to wear) & should be more focused in a different environment. They pulled off an upset of NO LW thanks to 4 TO's turned into 10 pts with 1 coming in the EZ to seal the game. CHI is off a get right win vs MIN which they dominated from start to finish. PP sides with the Bears here but we want to see their approach to this game before making the final call.

(WAS #18 vs CAR #11, CAR #8 vs WAS #6) - WAS could have 4 different offensive starters here. Beck has a chance to start, the starting LT, LG, TE are all injured and RB Hightower (18.2% offense) is limited with a shoulder injury. The Panthers are off their 1st TD+ loss of the season but came away healthy. PP gives CAR a 104 yd edge here but with this being at the line & the uncertainty with the Redskins we'll make this a No Play.

<b>NY JETS</b>	104	132	25	1.5	#3

(SD #5 vs NYJ #7, NYJ #31 vs SD #5) - This is a tough spot for the Jets who are off 3 straight road games followed by a MNF game vs MIA. They have a bye on deck while the Chargers are coming off one. SD is expected to have its full set of skill players available for Rivers who hasn't dominated a game yet. There is no hard line for the game yet and we want to see if the Jets adjust their offense after such a disappointing start to the season on MNF.

<b>CLEVELAND</b>	122	270	23	1.0	#14

(SEA #27 vs CLE #9, CLE #26 vs SEA #28) - SEA is off their bye week (6-16 ATS) & pulled an upset vs CHI 23-20 (5.5 AD) LY. They are off a misleading win vs the Giants as they were helped out by 5 TO's including 1 to inflate the final score. The Browns are off a loss to the Raiders in which they gave up 2 big special teams plays for TD's. SEA may be forced to start Whitehurst here. Minus the TEN game when McCoy generated a lot of garbage yards the Browns have only avg'd 284 ypg & have been held to 17 pts in 4 of 5 games TY. PP has this right at the line so this is a No Play.

<b>TENNESSEE</b>	89	255	23	2.1	#27

(HOU #8 vs TEN #8, TEN #16 vs HOU #18) - Looking at the team stats for the L4W its not a surprise that the teams are pretty even. Both teams are dealing with key injuries on both sides of the ball & are relying on steady QB play & defenses at the moment. HOU is deeper on offense than TEN at this point and will be very focused after losing 2 straight to OAK & BAL. PP calls for the Dog with a small yardage margin & big special teams edge to get the win SU and we agree.

<b>DENVER</b>	92	203	17	2.7	#1
<b>MIAMI</b>	139	260	24	1.3	#13

(DEN #28 vs MIA #30, MIA #15 vs DEN #29) - The Dolphins are off LW's MNF game vs the Jets & its not known how Matt Moore did stepping in at QB. With 4 or possibly 5 losses, a 1-11 SU/2-10 ATS record there may not be a lot of Dolphins fans here especially since MIA is honoring the 2008 national champs here. There will be lots of Tebow jerseys in the stands as DEN is finally going to give him an extended look here. With the possibility of DEN trading LY's #1 WR (Lloyd) & their slot WR Royal here & no hard line due to MNF we'll make this a No Play.

### NO PLAY: DOLPHINS 24 BRONCOS 17

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
<b>ATLANTA</b>	99	198	21	1.8	#21
<b>DETROIT</b>	95	288	28	1.2	#25

(ATL #21 vs DET #17, DET #19 vs ATL #19) - The Lions are off their 1st loss of the season & may be without RB Best (concussion) here. SF's power run game took advantage of the Lions aggressive defensive front 7 with a pair of big runs in the game. ATL got a much needed win LW vs a very young CAR team with a beat up LB unit. PP has the Lions with an 86 yd edge here but we want to see Best's status before making a commitment so No Play.

### NO PLAY: LIONS 28 FALCONS 21

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
<b>KANSAS CITY</b>	128	210	18	1.9	#12
<b>OAKLAND</b>	155	215	28	1.5	#10

(KC #23 vs OAK #25, OAK #11 vs KC #20) - PP doesn't figure in injuries which is key as the Raiders have likely lost QB Campbell (collarbone) who had become their offensive leader. Boller's questionable pocket presence was on display yesterday (100 yds 57%) & OAK needed 2 big special teams plays (101 KR return/TD pass on fake punt) to get by CLE. KC has 2 wins & a bye to get over the shock of the injuries to from the start of the season. PP calls for OAK by 10 but Boller is on a 2-10 SU/3-9 ATS mark as a starter right now & are due for a letdown spot

### NO PLAY: RAIDERS 28 CHIEFS 18

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
<b>PITTSBURGH</b>	134	245	25	1.7	#19
<b>ARIZONA</b>	76	163	14	2.9	#5

(PIT #10 vs ARZ #16, ARZ #22 vs PIT #2) - These teams produced one of the most exciting SB's in recent memory with Roethlisberger's clutch TD pass to win SB 43 27-23 (6 pt Fav) just a few years ago. PIT is off a misleading final as after a 17-3 1H lead (315-68 yd edge) Roethlisberger admitted PIT went conservative in the 2H due to unexpected high winds. Kolb will have his hands full vs the #1 pass defense in the NFL that despite giving up a 5.4 ypa only has 1 int so far TY. ARZ will have its entire offense at 100% here which could make it interesting. Nobody runs the PIT defense better than PIT so we'll take the road team with a manageable line with the 3rd largest yardage edge this week (+141).

### 4★ STEELERS 25 CARDINALS 14

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
<b>ST LOUIS</b>	74	185	13	1.9	#24
<b>DALLAS</b>	134	285	27	2.2	#17

(STL #29 vs DAL #4, DAL #6 vs STL #26) - The Cowboys came out of the bye and gave the Patriots their 1st defensive challenge of the season (BUF was offensive w/ TO's). However it came at a price as they lost their starting LG for the year & RB Jones (high ankle sprain) is expected to miss. STL is 0-5 for the 2nd time in 3 years due to CB/WR injuries and don't matchup well here. However they are very desperate & getting big points vs a public team who is 3-8 ATS as a DD favorite. PP gives DAL the 2nd biggest yard edge of the week but we want to see the full scope of their injury report first.

### NO PLAY: COWBOYS 27 RAMS 13

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
<b>GREEN BAY</b>	73	303	30	1.8	#26
<b>MINNESOTA</b>	124	238	17	1.9	#11

(GB #3 vs MIN #13, MIN #25 vs GB #12) - GB is the 7th SB champion to start the season w/ 6 straight wins thanks to Rodgers being the 1st QB to log 6 straight games w/a QBR of 110 or better. MIN (2-8 ATS as a HD) was ransacked by the Bears on SNF LW & could finally give the team over to Ponder now. PP only gives GB a 14 yd edge here as they've been giving up passing yards to teams because they've been ahead so much in games. McNabb seems to lack the arm strength right now to challenge vertically & putting Ponder out vs Capers with a shaky pass protecting OL is dangerous.

### 3★ PACKERS 30 VIKINGS 17

	Yards Rushing	Yards Passing	Points	Turn Overs	Special Teams
<b>INDIANAPOLIS</b>	71	210	20	1.7	#30
<b>NEW ORLEANS</b>	139	380	36	2.3	#7

(IND #30 vs NO #23, NO #1 vs IND #31) - This was supposed to be the 1st of 2 "tribute games" to Archie Manning as the Giants come to NO in a month. The Saints clearly have massive edges on offense & are more well rounded on defense than the Colts. IND did take PIT to the wire on their last SNF game & played better than expected on MNF vs TB wearing out in the 4Qtr. HF's of 13.5 or more off a SU loss as a Fav are also 5-25 ATS so this game isn't necessarily a lock.

## MONDAY, OCTOBER 24th

<b>BALTIMORE</b>	117	210	26	1.4	#16
<b>JACKSONVILLE</b>	110	102	10	2.5	#18

(BAL #13 vs JAX #14, JAX #32 vs BAL #3) - The Jags are off B2B games vs defenses that were ranked 1st & 2nd at the time. This could be Del Rio's playoff game here as a big loss on MNF would spell the end of his tenure here during the bye week. **We are offering a MONEY BACK PLUS Guarantee on MNM through the Northcoast Debit Card System - take advantage on Monday night after 3:00 pm ET!
